

Drive participation at
your next big event

with a promoted, custom crew
register from MySail.

One of the main concerns for skippers before they register for an offshore race or regatta, is to ensure they have suitable crew for the event and delivery trips.

For sailors, it's often difficult to find a yacht to race with for these events, and taking time off work to show up on the dock without a pre-arranged ride is often not an option.

A dedicated crew register from MySail can help boost participation at your event by connecting crew and skippers, and promoting the event to an engaged audience of racing sailors.

1 month	3 months	6 months
\$250*	\$600* (save 20%)	\$1,000* (save 33%)
Additional services: price on application		

*All prices exclude GST.
